Re-Elect

JEFF REINERT

Anoka County Commissioner

Running for office is like applying for a job.

The "Right" Experience Matters

Being a County Commissioner isn't a training program. You can't possibly do this job without the right experience. I am the only one running with the right level of experience to make the best decisions for the good of taxpayers.

If you don't have experience, you can't ask the right questions.
If you can't ask the right questions, you won't make good decisions.

HOT TOPICS

You Spoke – I Listened. Here are some topics you are concerned about.

Taxes and Fiscal Responsibility

I have a proven record of voting NO on tax increases.

As Mayor of Lino Lakes for 10 years, taxes increased just 5.1% in those 10 years. Since joining the Anoka County Board, **I have supported only 10.4% of levy increases in 7 years.**

My approach is simple: I bring my business style of budgeting and fiscal responsibility to county government.

Flock Cameras on Drones

I support … current county use of drones for public safety matters and infra-red cameras to help find lost children and elderly residents.

I do not support … FLOCK cameras on drones as they will soon have facial recognition in addition to reading license plates.

I will oppose continuing the $2 million annual contract that the Anoka County sheriff signed with FLOCK. *More info on my website: www.JeffReinert.com*

Fraud … Truth & Transparency

Anoka County has a fraud task force from the sheriff's dept. and attorney's office that prosecutes fraudsters and recovers millions of dollars every year.

My opponent has said she is a "fraud investigator". Her actual Anoka County job title is "eligibility specialist" - signing people up for benefits (*where most fraud occurs*).

Voters deserve the truth about a candidate's qualifications.
