WHY RUNNING	I am a local guy and want to continue to represent the taxpayers and residents where I grew up. **I have served with integrity for 25 years. I love this job!**	Everyone should question why someone with no relevant experience assumes they can step into this critical role and do it well. **It would be like hiring a pilot without a license to fly.**
QUALIFICATIONS	I have a successful record as your Anoka County Commissioner for 7 years, Mayor for 10 years and business owner for over 40 years. **I know how to get things done!**	No private business budgeting or finance experience. Has never served a day in elected office. **When it comes to the responsibilities of this job, the experience just isn't there.**
CURRENT OCCUPATION	Full time County Commissioner and part time business and financial advisor. **I have the perfect real-world experience to properly represent taxpayers.**	Has portrayed herself as a "fraud investigator." Works for Anoka County as "eligibility specialist" – signing up people to receive government dollars ... where most fraud occurs. **Voters deserve honesty.**
BUDGETING & TAXES	My experience running businesses, making payroll, and serving in office gives me the perfect background for this job. I protect taxpayers by consistently questioning spending and opposing unnecessary tax increases. **I know when to say NO.**	**Has stated that she is new but *"willing to learn".*** Residents ***deserve*** proven experience and sound judgment **from day one.** **Taxpayers cannot afford a learning curve when it comes to county budgets and spending decisions.**
REPRESENTATION	I do ***not*** represent the county government bureaucracy. We have 2,300 employees who do that every day - including my opponent. **I represent the *taxpayers and residents* of Anoka County.**	Has stated she would represent Anoka County (where she is employed). Seems like institutional loyalty over independent representation. **Has a fundamental misunderstanding of the job.**
POLITICS	**You will always know where I stand on the issues. I say what I mean and I mean what I say.**	**Positions change depending on the audience – you'll never know where she really stands.**
